Independently certified by Benchmark to AS/NZS1270, the T-Plugs offer the highest Class 5 protection for hearing protectors. With the SLC₈₀ = 27dB, the T-Plugs are ideal to use in the noisiest of environments up to 110db(A) assuming an 85db(A) criteria.

The rocket shape T-Plugs are comfortable to wear all day as they are manufactured using a soft PU material which contours around your ear canal, ensuring an ideal fit. The slow rebounding PU helps you to achieve higher hearing protection. The T-Plugs are designed for better sound insulation and wearing. The smooth skin finish and the closed cell foam helps prevent dirt build up.

The high viz Yellow and Pink contrast colours helps improve wearer identification.

The uncorDED T-Plugs are available in various pack sizes including a 50 pair handy pack screwtop jar, a 200 pair dispenser box with each pair individually sealed and a bulk bags 200 pairs which is ideal for dispenser machine refills.

The corDED T-Plugs are available in two pack sizes including a 20 pair handy pack screwtop jar as well as a convenient 50 pair dispenser box. In the corDED packs, each pair is individually sealed.

CODE	DESCRIPTION	PACKING	PACK	INNER	CARTON
